1. The Service Fee or Stud Fee shall be due within 24 hours of the mare producing a live foal resulting from the mating. A live foal will be defined as one that stands alone and nurses. 2. The Service Fee is due and payable immediately if the mare or recipient of mare is leased or offered for sale or any other change in ownership of said mare.
3. In the event the mare fails to produce a live foal, Agent/Owner agrees to send the stallion owners a veterinary certificate to that effect within five days of the loss of the foal in lieu of the Service Fee.
4. Should the stallion die or become unfit for service before servicing of the mare, or if said mare should die or become unfit for breeding, this contract shall become null and void.
5. The stallion owner has the sole discretion in determining the fitness of the stallion and the mare and may refuse to breed any mare using the semen transport procedure.
